

CRISIS PROGRAM LEVEL

THIS IS NOT INSURANCE.

YOUR
HEALTH IS OUR
PRIORITY

How It Works

1

Nationwide Access

Covenant HealthShare members have access to the Multiplan PHCS network (Member Preferred Provider Group) with over 1 million providers.

2

Go to the Member Preferred Provider Group

When a medical need arises, locate the nearest provider in the Member Preferred Provider Group. If a medical emergency occurs, call 911 immediately.

3

Present Your ID Card to the Provider

Upon arrival, show your member ID card and inform the provider you are part of a healthcare sharing ministry program.

4

Receive Eligible Services

After receiving healthcare services, you can either submit your Share Request(s) to Covenant HealthShare directly through the Member Aid System (MAS) or have your provider submit your Share Request(s) to Covenant HealthShare on your behalf.

5

Meet Your PRAY Amount

Before your eligible healthcare needs may be shareable among the other members of the Covenant HealthShare community, you must meet your Personal Responsibility Amount Yearly (PRAY) for your registered membership level.

6

Eligible Needs Are Shared

Covenant HealthShare reviews the eligibility of your Share Request(s) using the sharing guidelines for your membership level and, if eligible, coordinates member-to-member sharing of your healthcare needs through the MAS.

About Us

With a history dating back to 1991, Covenant HealthShare is the cornerstone between ministry and healthcare. Thank you for joining our health care sharing ministry; we are overjoyed to have you. Together we make a difference.

Overview: Member-to-Member Healthcare Sharing

Each month, members send voluntary Monthly Member Gifts (MMGs) to Covenant HealthShare. The MMGs are held in the Medical Benevolence Fund to be used as funding for member-to-member sharing of eligible healthcare needs and the administrative costs of the Covenant HealthShare health care sharing ministry program. Members receive weekly notices through the Member Aid System (MAS) providing information on Share Request(s) submitted by other members, including (subject to Covenant HealthShare's privacy policy) the member(s) requesting assistance with their eligible healthcare needs, the general nature of those Share Request(s), and a request for the receiving member's approval of those Share Request(s) for sharing among the Covenant HealthShare membership community. The MAS can also be used by members to control their healthcare costs and expenses. Through the MAS, a member can manage his/her MMGs, view/submit Share Request(s), view his/her membership history, fellowship with other members, ask questions about the Covenant HealthShare health care sharing ministry program and his/her registered membership level, and make voluntary additional donations toward fellow members' healthcare needs (including Exceptional Grace Requests) or other charitable causes identified by Covenant HealthShare.

How We Are Different

Covenant HealthShare is NOT Insurance.

As a health care sharing ministry, Covenant HealthShare facilitates voluntary sharing of healthcare costs and expenses (healthcare needs) among its community of members who share common Christian beliefs and make a covenant with one another to adhere to the Covenant HealthShare Statement of Faith and live out these shared beliefs responsibly. Covenant HealthShare is neither an insurance company nor a provider of insurance policies or products. The difference is simple: Health insurance is a contract where one party agrees to be legally responsible for and accepts another party's risk of loss in exchange for a payment (also called a premium). In contrast, a health care sharing ministry is a charitable and benevolent giving arrangement where members who follow a common set of religious and/or ethical beliefs agree to share in one another's healthcare needs through voluntary gifts; not because of legal obligation. As Covenant HealthShare is not insurance, it is not licensed or registered by any state departments of insurance and does not assess potential members' health risks because Covenant HealthShare does not assume financial liability for, or make any guarantee or promise to pay, any member's healthcare costs or expenses, nor do its members assume financial liability for any other members' healthcare costs or expenses.

Yearly Membership Sharing Limit

The total amount available to a member for member-to-member sharing of his/her eligible healthcare needs for the Program Year.

\$500,000

Lifetime Membership Sharing Limit

WHY COVENANT?

With a legacy of health care sharing within our community dating back nearly 30 years[†], Covenant HealthShare is the cornerstone between ministry and healthcare. Our health care sharing ministry (HCSM) program is grounded in the Christian traditions of mutual aid, neighborly assistance, and burden sharing by and among our community of members who share a common set of religious beliefs and voluntarily commit to share in the payment of one another's eligible healthcare expenses in accordance with those beliefs. Covenant HealthShare facilitates the collections and distributions made by and through our membership community, and as a national nonprofit 501(c)(3) organization, we strive to serve as a catalyst for good in the world by sharing the Word of God through our faith-based, outreach and benevolent giving initiatives supporting our members and other charitable organizations.

Covenant HealthShare, Inc. is NOT insurance.

THERE FOR YOU SPIRITUALLY

Covenant HealthShare is a nonprofit 501(c)(3) health care sharing ministry (HCSM) that enables Christians to assist and support one another with payment of healthcare costs and expenses without using health insurance.

THERE FOR YOU IN YOUR TIME OF NEED

Each membership level provides access to a variety of healthcare services eligible for member-to-member sharing as outlined in the applicable membership guidelines, such as primary, specialty, urgent, maternity, emergency, hospital, and surgical care, office visits, laboratory, and emergency transportation.

ACCESS TO QUALITY HEALTHCARE

Members have access to quality healthcare services through the Member Preferred Provider Group (Multiplan PHCS network) with over 1 million providers nationwide.

[†] Covenant HealthShare, Inc. ("Covenant HealthShare") operates its health care sharing ministry as a successor-in-interest to the historical medical benevolent giving program established by its predecessor, a nonprofit 501(c)(3) ministry, that has been making regular benevolent distributions to members of its congregation and the communities it serves to assist such individuals with medical and other healthcare costs and expenses since 1991 (the "Program"). As its successor, Covenant HealthShare has formalized the Program and expanded the charitable and benevolent reach of the Program beyond its predecessor's ministry to support all persons nationwide who have accepted Jesus Christ as their Savior, and subscribe and commit to live in accordance with the teachings of the Bible and their faith in God.
